Lista Technician Series Tool Storage
There’s typical tool storage. Then there’s Lista.

We’re one of the world’s largest and most respected tool storage and workspace manufacturers. Just ask anyone in aerospace, automotive, military, manufacturing or racing. They’ll tell you that when it comes to durability, configurability and quality – all at a great price – you’ve got to get your hands on a Lista.

With Lista, you get it all – the largest capacity, most durable boxes on the market, at a price that boxes out the competition.

Compare our features and you’ll see the Lista difference:

- Rugged design backed by limited lifetime warranty
- Fully welded drawer and housing construction
- Heavy-duty casters (1,200 lbs. each)
- 440 lb. capacity full-extension drawers
- Sub-dividable drawers
- Twelve standard drawer heights available from 2” - 13”
- Multiple full-width configurations
- Premium non-slip mesh drawer liners
- Five standard gloss finish powder coated colors, with two-tone color schemes available

Your box, your configuration
A wealth of heights, widths and depths.

With a wide variety of heights, widths and depths, you can get exactly the toolbox configuration that best suits your needs. No compromise!

Popular configurations
The popular configurations shown on pages 6-21 are just the beginning! Visit ListaBox.com to see more pre-configured models.

Or design your Lista toolbox!
With our enormous number of heights and footprints, there’s no reason why you should have to settle for any less than exactly the box you want! Work with your Lista representative to choose the height, width, depth and drawer sizes that work best for your needs, at no additional cost.

Rock solid
When we say our drawers provide unequaled performance, we have the results to back that claim up.

To test our drawers, we complied with the RAL-RG 614 standard from the German Institute of Quality Assurance and Marking, a globally respected standard. This test required our drawers to pass a series of difficult test criteria.

In these demanding tests, Listaexcelled. Our suspensions exceeded the required number of cycles, fully loaded at 440 lbs., without diminished performance.

**To order your toolbox**

1. Select toolbox configuration shown on pages 6-21.
2. Select base type. See chart to left for details.
   - M = mobile base (not recommended for Model 1350)
   - FT = fork truck base with stainless steel kick plate
   - WC = stationary raised base
3. Select paint color.
   - 293 = Blaze Blue
   - 5003 = Dusk Blue
   - BKG = Black
   - NRG = Red
   - 12179 = Yellow

EXEMPLARY: To order a TSDW0750-0721 toolbox with a mobile base in a Black housing with Red drawers, the part number would be TSDW0750-0721-MBKG-NRG.

To order a butcher block top for your toolbox, include part number DW1BCT.

See more at ListaBox.com
Toolbox drawers come standard with mesh drawer liners, and the top drawer of each toolbox includes a starter compartment divider kit. If you prefer to separate your tools within the other drawers, choose from the configurations shown below. Be sure to match drawer interior with correct drawer model and height.
